UNLOCKING CENTRAL ASIA: LOCAL TALENTS FOR GLOBAL IMPACT

We are delighted to invite you to join us during GITEX Global 2025, one of the world's largest technology and startup gatherings, for a dedicated two-day program – Unlocking Central Asia: Local Talents for Global Impact.

This special side event will bring together founders, investors, venture capitalists, and ecosystem leaders to showcase Central Asia's dynamic potential and to build new bridges with global markets.

A New Step Toward Regional Integration

As a major highlight, IT Park Uzbekistan and Astana Hub, with the support of White Hill Capital, will host the official launch of the Tumar Innovation Hub in Dubai – a startup launchpad designed to accelerate Central Asian founders into the UAE and the wider MENA region.

Why Attend?

- **Discover Opportunities** – Explore one of the fastest-growing tech regions, driven by government incentives, competitive costs, and co-investment mechanisms for global scaling.
- **Access Promising Startups** – Meet Central Asian founders scaling solutions in fintech, AI, healthtech, and e-commerce.
- **Strategic Networking** – Build partnerships with policymakers, innovation hubs, and global tech leaders.

Why Now?

Central Asia is no longer a hidden gem – it is fast emerging as a recognized global innovation hub. This is your chance to join the next wave of growth and gain early access to one of the world's most exciting frontier markets.
